Amendment # (for amendments only):

Part 3: Program-Specific Provisions and Assurances**X** I certify my acceptance of and compliance with all program-specific provisions and assurances listed below.

#	Provision/Assurance
1.	The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this grant will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
2.	The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
3.	The program will take place in a safe facility that is properly equipped and accessible to participants and family members.
4.	The proposed program was developed, and will be carried out, in active collaboration with the schools that participating students attend, including through the sharing of relevant data among the schools, all participants of the eligible entity, and any partnership entities in compliance with applicable laws relating to privacy and confidentiality and in alignment with the challenging state academic standards and any local academic standards.
5.	The program will target students who primarily attend schools eligible for schoolwide programs under ESEA as amended by Section 1114, and the families of such students.
6.	Applicants that receive priority points for serving: 1) students in schools implementing comprehensive support and improvement activities or targeted support and improvement activities under ESEA as amended, Section 1111(d) and other schools determined by the local educational agency to be in need of intervention and support and 2) students who may be at risk for academic failure, dropping out of school, involvement in criminal or delinquent activities or who lack strong positive role models assure that they will target these students.
7.	The community has been given notice of an intent to apply and that the application and any waiver request will be available for public review after submission of the application.
8.	The applicant will adhere to the level of services in the approved application and in the agreed-upon center operation schedules and will provide those services to eligible students through this and all continuation and renewal grant periods, as applicable. Applicant acknowledges that proposed amendments that reduce the level of services to below the Year 1 awarded application will be approved only in extreme or unusual circumstances and that failure to adhere to service levels and student targets will result in reduced funding during the subsequent continuation grant period. Grant funds remaining unexpended at the end of the expenditure reporting period for the grant award will not be made available by TEA to supplement continuation grant awards.
9.	Services for students and families will begin no earlier than the grant start date of August 1, 2018 and no later than September 4, 2018.

Part 3: Program-Specific Provisions and Assurances

10.	<p>The applicant will adhere to a TEA-approved schedule that meets or exceeds program service requirements at each center and that provides a consistent and dependable schedule of weekly activities for all students enrolled. The applicant agrees to meet with TEA or its contractors after awards are announced and before the start date of the program to develop an approvable operation calendar for each center.</p> <ul style="list-style-type: none"> • A minimum of 35 weeks per year across all terms, including summer. TEA will count only the weeks in which a center offered the minimum number of hours-per-week toward the 35-week total. Make-up hours will be credited. The week runs from Sunday through Saturday. • A minimum of five days per week for the fall and spring terms. • A minimum of 15 hours per week (applicants should not propose to offer more than 20 hours of programming per week). Note: Transportation time that exceeds 30 minutes per-day shall not be counted towards minimum hours-per-week of programming. • A minimum of six weeks and four hours per day, four days per week during the summer term. Continuous weeks are not required. Grantees may offer four weeks of summer programming during the grant period that ends July 31, 2019, but if approved, the grantee must offer two weeks of summer programming in the subsequent continuation period between August 1, 2019, and the first student attendance day for the 2019–2020 school year. • Hours dedicated to program activities for adult family members will not count toward student programming.
11.	Services will be provided at no cost to participants. Grantees are prohibited from collecting fees, including late pickup fees or any other fee.
12.	Activities will be supervised at all times by qualified staff at adult to student ratios that meet or exceed TEC Chapter 25, Subchapter D requirements or other state required ratios as applicable.
13.	Center-level activities will be a minimum of 45 consecutive minutes in length and planned for each hour that a center is operating. Activities will be intentionally designed to address student needs and student voice, aligned with state standards and developed using a planning tool such as the Texas ACE© Activity/Unit and Lesson Plan Worksheet. Activities will reflect each of the following four components during each term: academic assistance, academic enrichment, family and parental support, and college and workforce readiness (grades 9-12 only).
14.	Academic, academic enrichment, accelerated learning, and tutoring activities will align with the regular school day program and state standards. Enrichment activities will enhance the academic-related activities of the regular day and/or be aligned with a documented student or campus need.
15.	All activities will occur at an approved center or, on a limited and pre-approved basis, at an adjunct site or during an approved field trip. Activities at a non-approved location, such as a feeder school, are unallowable and will not be charged to the grant.
16.	Grantee will offer families of students served by the program opportunities for active and meaningful engagement in their children's education and opportunities for literacy and related educational development. Family activities will be designed to meet the identified needs of each center's families and students; the needs of working families will be specifically addressed. Activities will be ongoing and consistently available throughout each term. The number of family members served will be proportional to the targeted number of students.
17.	All required staff positions will regularly participate in training and other opportunities offered by the Texas ACE© program. In addition, the grantee will regularly provide program-specific in-person training to center-level staff and will document the content and attendance of training events.

Schedule #3—Certification of Shared ServicesCounty-district number or vendor ID: **201-904**

Amendment # (for amendments only):

I, as one of the below member entity authorized officials, certify that to the best of my knowledge, the information contained in this application is correct and complete, that the entity that I represent has authorized me to file this application, and that such authorization action is recorded in the minutes of the local agency's board meeting.

The participating or intermediate education agency named has been designated as the administrative and fiscal agent for this project and is authorized to receive and expend funds for the conduct of this project. The fiscal agent is accountable for all shared services arrangement (SSA) activities and is therefore responsible for ensuring that all funds including payments to members of SSAs are expended in accordance with applicable laws and regulations.

All participating agencies have entered into a written SSA agreement that describes the responsibilities of the fiscal agent and SSA members, including the refund liability that may result from on-site monitoring or audits and the final disposition of equipment, facilities, and materials purchased for this project from funds specified below.

It is understood that the fiscal agent is responsible for the refund for any exceptions taken as a result of on-site monitoring or audits; however, based upon the SSA agreement, which must be on file with the fiscal agent for review, the fiscal agent may have recourse to the member agencies where the discrepancy(ies) occurred.

Any additional funds that result from an increase will not require additional signatures. **Each member identified below acknowledges accountability for the requirements contained in the provisions and assurances listed in Schedule #2, Parts 2 and 3, as applicable.** Each member entity certifies its agreement to participate in this SSA, as stated throughout this grant application.

Schedule #4—Request for AmendmentCounty-district number or vendor ID: **201-904**

Amendment # (for amendments only):

Part 1: Submitting an Amendment

This schedule is used to amend a grant application that has been approved by TEA and issued a Notice of Grant Award (NOGA). **Do not submit this schedule with the original grant application.** Refer to the instructions to this schedule for information on what schedules must be submitted with an amendment.

An amendment may be submitted by mail *or* by fax. Do not submit the same amendment by both methods. Amendments submitted via email will not be accepted.

If the amendment is mailed, submit three copies of each schedule pertinent to the amendment to the following address: Document Control Center, Grants Administration Division, Texas Education Agency, 1701 N. Congress Ave., Austin, TX 78701-1494.

If the amendment is faxed, submit one copy of each schedule pertinent to the amendment to either of the following fax numbers: (512) 463-9811 or (512) 463-9564.

The last day to submit an amendment to TEA is listed on the [TEA Grant Opportunities](#) page. An amendment is effective on the day TEA receives it in substantially approvable form. All amendments are subject to review and approval by TEA.

Part 2: When an Amendment Is Required

For all grants, regardless of dollar amount, prior written approval is required to make certain changes to the application. Refer to the "When to Amend the Application" guidance posted in the Amendment Submission Guidance section of the Grants Administration Division [Administering a Grant](#) page to determine when an amendment is required for this grant. Use that guidance to complete Part 3 and Part 4 of this schedule.

Schedule #5—Program Executive SummaryCounty-district number or vendor ID: **201-904**

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

Leveretts Chapel ISD is applying for the 21st Century Community Learning Grant due to the fact that there are NO comprehensive afterschool programs located in Laird Hill, Texas, population 500. Our Afterschool Centers on Education (ACE) Program will consist of **2 Centers and serve 70 students and 20 parents**. Our district serves a student population that is 38.8% Hispanic, 49.6% White, and 6.5% African American. Currently, **77.7% of our students are economically disadvantaged and 47.3% are classified as at-risk** at the district level. Our students and their families are living in an economically depressed community; none of our students have access to quality, affordable afterschool programs. According to the U. S. General Accounting Office, only one-third of the schools in the United States, in low-income areas offer extended-day and enrichment programs, as opposed to more than half of schools in more affluent areas.

Our students have nowhere to go after school as do at least 7 million, possibly as many as 15 million across the country. Our children are at significant risk of getting poor grades, abusing drugs or alcohol, engaging in sexual activity, and dropping out of school. They are also missing out on much needed extended learning opportunities and positive relationships with caring adults in a safe environment. Mirroring their children's needs are the parents of our students. Educational attainment in Laird Hill is also poor with only **14.7% of our population earning Associate and Bachelor's Degrees compared to the state average of 23.8%**. The median household income for Laird Hill is \$37,119 compared to the state average of \$54,727. Currently 22.6% of our population live below the poverty line, state average is 15.6%.

The Leveretts Chapel ISD ACE budget, program activities and objectives were based on a needs assessment conducted by the district. The district conducts needs assessments on a regular basis to determine changes that need to be made to support our students' success. All needs are based on our students who are most at-risk of academic failure and their parents. Leveretts Chapel ISD has developed a program management plan, an evaluation plan and we have answered all statutory and TEA requirements. The district has committed local funding to this project and we will work in the future with our stakeholders to develop a long-term sustainability plan. Our management team will consist of our superintendent, campus principals, teacher leaders, business manager, program director, site coordinators and the family engagement specialist. The district will ensure that our management team will provide consistent, high-quality management.

The district's primary focus will be on the following programs (1) academic achievement activities, (2) enrichment activities, and (3) family engagement. These program activities will be monitored on an ongoing basis through various evaluation methods to measure the progress in those program areas.

Our proposed ACE Program will offer an array of classes and activities to support the needs of our students and parents. These activities are based on TEA's Four Component Activity Guide and in accordance with program requirements: 1) Academic assistance; 2) Enrichment; 3) Family and parental support services; and 4) College and workforce readiness. The district will offer extended programs for a minimum of 35 weeks per year, 15 hours a week. During the summer we will offer 6 weeks of programming for 4 days per week, 4 hours per day. These services will be offered to both students and their parents. Research conducted in 2013 when comparing students who participate in the ACE program to non-participating students found the following:

- Participation for students in grades 9-10 was associated with higher state assessment scores in English language arts/reading and mathematics.
- Participants in grades 6-12 had fewer disciplinary incidents than nonparticipating students.
- Participation of students in grades 4-11 was associated with fewer school day absences.
- Participants in grades 7-11 who attended 30 days or more and participants in grades 4- 5 and 7-11 attending 60 days or more had an increased likelihood of grade promotion.
- High school students attending 60 days or more demonstrated a 97 percent chance of being promoted to the next grade level.

The district and district personnel including our school board is committed to the goals of this grant program. During the next year the district will work to ensure that funding from other sources will be committed to the program after grant funding terminates.

Administrative Cost Calculation					
Enter the total grant amount requested:					\$299,400
Percentage limit on administrative costs established for the program (5%):					× .05
Multiply and round down to the nearest whole dollar. Enter the result.					
This is the maximum amount allowable for administrative costs, including indirect costs:					\$14,970

NOTE: Indirect costs are calculated and reimbursed based on actual expenditures when reported in the expenditure reporting system, regardless of the amount budgeted and approved in the grant application. If indirect costs are claimed, they are part of the total grant award amount. They are not in addition to the grant award amount.

Indirect costs are not required to be budgeted in the grant application in order to be charged to the grant. Do not submit an amendment solely for the purpose of budgeting indirect costs.

If selected for a competitive grant, your award amount will be the lesser of the grand total of budgeted costs as stated on this schedule (the box with the bold outline), or the sum of all line items listed on this schedule, or the maximum allowable award amount. TEA is not responsible for math errors.

Schedule #16—Responses to Statutory RequirementsCounty-district number or vendor ID: **201-904**

Amendment # (for amendments only):

Statutory Requirement 1: Describe how the eligible entity evaluated community needs and resources. Describe the results, including the resources available in the community, and how the program strategies and activities proposed to be carried out in the center(s) will address those needs. Specifically address the needs of working families. **Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.**

Stakeholders involved:

Our community needs assessment was conducted by a focus group which is made up of administrators, teachers, students, parents, local organizations and businesses. Information sources include:

- district and campus improvement plans and goals;
- school performance reports which include graduation rates, promotion rates, discipline data, attendance rates and student test results;
- student and family surveys;
- interviews with school staff including counselors, Title I liaisons, teachers, principal, etc.;
- current campus partners, if applicable;
- other services already offered for students and families on the campus; and
- curriculum maps/scope and sequence plans used during the school day.

Other out-of-school-time services that are available in the community - The district provides tutorials after school for STAAR prep as well as a few other programs such as summer credit recovery and college nights.

Needs Assessment Findings: Based on the needs assessment conducted at our campuses and in the community, the following local needs have been identified:

Need 1: Our campuses need to provide our students opportunities for academic enrichment, including providing tutorial services, to meet state and local student academic achievement standards in core academic subjects; reading, mathematics, science, and social studies.

Need 2: Our campuses need to provide our students a broad array of additional services, programs and activities, such as youth development activities, drug and violence prevention programs, counseling programs, art, music, physical education and fitness programs, and technology education programs that are designed to reinforce and complement the regular academic program of our participating students.

Need 3: Our campuses need to provide the families of students (including working families) served by our afterschool community learning program opportunities for literacy and related educational development.

Funding for the ACE Program will assist our campuses in addressing the following local needs:

- Increase in academic success of the participating students in core subjects; Reading, mathematics, science, and social studies.
- Increase in number of families (including working families) of participating students that show gains in literacy and educational development as well as involvement in school-related education activities relevant to their children's school(s).
- Improvement in citizenship and character education as demonstrated by student participants and their families as measured by attendance reports for both in school and ACE program days, decrease in office referrals, assignment to alternative education centers and juvenile justice alternative education programs, and non-criminal and criminal incidents and an increase in activities that demonstrate student responsibility and obligation to the school and community through projects such as community service and service learning opportunities.
- Increase in the academic success of all students such as increased numbers of students passing all STAAR/TAKS tests, being promoted to the next succeeding grade level, graduating from high school, entering college and/or workforce.

Statutory Requirement 2: Describe the planned partnership between the applicant and the proposed eligible partner organization(s), including how the partnership will contribute to achieving stated objectives and sustaining the program over time, or provide evidence that the LEA is unable to partner with a community-based organization in reasonable geographic proximity and of sufficient quality to meet the requirements. *Check the box that applies to this application.*

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

☐ This applicant is part of a planned partnership.

☒ This applicant is unable to partner.

Leveretts Chapel ISD is a small rural Texas school district with few if any community-based organizations in reasonable geographic proximity and of sufficient quality to partner with to meet the requirements of this grant. We are located in Laird Hill, Texas, with a population of approximately 500. Our student enrollment is about 250 students.

The focus of our ACE program is to provide programs and activities that emphasize alignment with the regular academic programs of the school and the academic needs of participating students, our program will strive to improve district performance in the following areas:

- performance on required state assessments
- core course grades
- on-time grade level advancement
- school day attendance
- discipline referrals
- high school graduation rates
- high school student career competencies

All program activities will align with the regular school day curriculum, will expose our students to meaningful academic content that supports TEKS and will provide opportunities for our students to participate through engaging and interactive activities. We will also use local data to meet our students needs in order to achieve our desired student and parent outcomes. All activities will be evidence based on best practices.

Activity Planning Requirements

1. All activities will be **intentionally developed** utilizing the findings from at least the following three data sets and be based on identified student needs:
 - Campus Level Data (STAAR scores, Discipline Reports, Attendance Reports, Promotion Reports)
 - Student Level Deficiency Data (why students are not mastering certain skills, why students are getting disciplinary referrals, etc.)
 - Student Voice & Choice (surveys, focus groups, etc.)
2. All activities provided during our ACE program will be based on **identified student needs** to bolster the possibility of achieving positive student outcomes.
3. Our ACE activities will be supervised by qualified staff at all times and our management team (Project Director and Site Coordinators) will ensure the appropriate supervising adult to student ratios (22 to 1) are met. Adapting instruction to individual and/ or small-group instruction will also be a best practice offered at all Centers for students at risk of academic failure.
4. All activities will occur at the designated and approved center on a daily/on-going basis and will be a minimum of 45 minutes in length.
5. All activities will be intentionally developed using a comprehensive and coordinated planning tool - the **Texas ACE Activity/Unit and Lesson Plan Worksheets.**
6. Our ACE activities will align to the school day curriculum and academic-related activities will align with TEKS and where possible align with the specific Readiness/Supporting Standards identified as needing improvement in our Campus Needs Assessment. Enrichment activities will enhance the academic-related activities and/or be aligned with a documented campus/student need.

Research

Students who regularly participate in Community Learning Centers improved their school attendance, class participation and behavior, homework completion, and reading and math achievement scores and grades. (Wisconsin Department of Instruction. (2014). 21st Century Community Learning Centers-Executive Summary 2012-2013.)

Regular participation in afterschool programs helped narrow the achievement gap between high- and low-income students in math, improved academic and behavioral outcomes, and reduced school absences. (Pierce, K. M., Auger, A. & Vandell, D. L. (2013). Narrowing the Achievement Gap: Consistency and intensity of structured activities during elementary school.)

The Texas 21st CCLC program, referred to as the Texas Afterschool Centers on Education, or Texas ACE, has developed the Texas ACE Blueprint that the district will use to develop the Leveretts Chapel ACE program. The updated Texas ACE Blueprint consists of four components: Program Vision, Mission, and Goals; School and Community Engagement; Continuous Improvement; and Operations. Each component is supported by program design elements as well as statutory and program requirements. The elements include items such as center-level logic models, student activities, staffing, alignment, student and family participation targets, community advisory councils, needs assessment, sustainability, continuous improvement, local evaluation, program monitoring, data collection, and budgeting. TEA's state activities provide grantees with the resources and tools to fully support each component of the blueprint.

Logic Model Requirement, per program guidelines, a logic model is a visual representation of a program. It depicts the key components of a program and shows the relationships among the resources, the activities, and the short- and long-term expected outcomes. A logic model portrays the theory of change behind the program and is the foundation of program planning, evaluation, program management and communications.

TEA will provide technical assistance for each grantee to develop and submit a completed logics models for each center term and will provide supports for grantees to use logic models as a tool for monitoring program implementation and program improvement. Grantees will be required to submit updated center-level logic models by the end of the fall term each year.

TEA will also provide training, resources, monitoring, and technical assistance for each grantee throughout the life of the grant. Through training and workshops the district will provide educational and related activities that will complement and enhance academic performance, achievement, positive youth development of the students, and, college readiness activities. The services provided by TEA include:

Training: The Texas ACE program offers a robust annual calendar of training opportunities, both online and in-person.

Technical Assistance Coaching: Each grantee will have direct access to an individual technical assistance coach (TAC) who supports each program with all aspects of implementation, compliance, and program improvement.

Annual Conference: Texas ACE offers a low-cost annual gathering for grantees.

Texas ACE Help Desk: Texas ACE grantees have access to the Texas ACE Help Desk. Response is provided within 24 hours or less.

Promotion Materials and Outreach: Texas ACE grantees are encouraged to use the www.texasace21.org website, which has all the up-to-date program information and resources.

Data Collection and Reporting System: TEA developed the Texas 21st CCLC Student Tracking system (TX21st) to collect data.

Program Implementation Monitoring: In accordance with federal requirements, TEA conducts reviews of Texas ACE grantee performance and documentation to ensure compliance with federal and state requirements.

Statewide and Local Program Evaluation: TEA evaluates the ACE program at the statewide level, and grantees are required to participate in state-level data collection and related activities.

Local Evaluation Support Initiative: TEA created this initiative to provide support to local program evaluation activities. Grantees have the option to work directly with the TEA state evaluation team to develop and refine their local quality assessment process.

Resource Network: To increase professional interaction of local program leadership, TEA will coordinate and facilitate a sub-group of grantees that will meet approximately two times per year or as needed to participate in providing input on program-related implementation issues and promote statewide sustainability.

The district is committed to using best practices and research and evidence-based practices to provide educational and related activities that will enhance academic performance, college readiness, and positive youth development activities.

Amendment # (for amendments only):

Statutory Requirement 5: Describe the proposed program activities and how they are expected to improve student academic achievement and overall student success. **Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.**

Our ACE Program is designed based on our campus needs assessments, our campus improvement plans and in a collaborative, comprehensive, and coordinated approach. The district's program activities have been designed to be innovative and interactive. Program activities will be best-practice hands-on methods of instruction that assist students and adult participants in their learning and ability to make connections.

Our ACE Program will balance academic support with a variety of engaging, fun, and structured extracurricular or co-curricular activities that promote youth development in a variety of real-world contexts. ACE Program activities will be based upon the needs of the campus and in conjunction with the **Four-Component Activity Guide** and will be balanced, the program will offer at a minimum one activity from each category and will be offered each term. Activities identified in the Four-Component Activity Guide will be offered in all four areas: Academic Assistance, Enrichment, Family and Parental Support Service, and College and Workforce Readiness. The following are examples of activities the district intends to incorporate into our ACE Program:

Academic Assistance: STAAR/EOC prep. Academic skills, Accelerated and remedial education activities, Credit Recovery, Educational field trips, Homework check/completion, Advanced tutorials

Enrichment: Arts and crafts activities, Community service, Creative arts, Dance/drama, Fitness, Goal setting, Nutrition, Problem solving skills, Safety awareness, Self-esteem awareness, Social skills, sports activities, Academic Rodeo Funding, Student Council Leadership Camps, UIL (Academics) Practice

Family and Parental Support Services: Adult education, College financial aid, Families as partners in education planning sessions, Parent conferences, Parent volunteers, Parent/Family events, School improvement planning, Technology literacy, ESL classes for parents

College and Workforce Readiness: Career days, Career development activities, Career field trips, College admission assistance, College awareness/preparation, College entrance exams, College test prep, College tours, Concurrent enrollment, Scholarship applications, Dual credit, Vocational training.

According to the *Harvard Family Research Project's (HFRP) Issues and Opportunities in Out-of-School Time Evaluation*, academic outcomes associated with participation in after school programs include: Better attitudes toward school and higher educational aspirations; Higher school attendance rates and less tardiness; Less disciplinary action (e.g., suspension); Lower dropout rates; Better performance in school, as measured by achievement test scores and grades; Greater on-time promotion; Improved homework completion; and Engagement in learning.

The district believes the more days students and family members participate in the ACE program activities such as tutoring, homework assistance, community service activities, they will improve their academic achievement and overall student success.

Regular attendance produces greater gains. A study of approximately 3,000 low-income, ethnically diverse elementary and middle school students found that those who regularly attended high-quality programs (including Community Learning Centers) for more than two years gained up to 20 percentiles in standardized math test scores compared with peers who were routinely unsupervised during the afterschool hours. Students with lower program attendance gained 12 percentiles compared with their non-participating peer. Vandell, D. L., Reisner, E. R. & Pierce, K. M. (2007). Outcomes Linked to High-Quality Afterschool Programs: Longitudinal Findings from the Study of Promising Afterschool Programs. Policy Studies Associates, Inc. <http://education.uci.edu/childcare/pdf/afterschool/PP%20Longitudinal%20Findings%20Final%20Report.pdf>.

Among students regularly attending a Community Learning Center:

- Approximately 1 in 2 improved their math and Language Arts grades
- Approximately 3 in 5 improved their behavior in class
- Approximately 2 in 3 improved their homework completion and class participation

The district will develop a plan to ensure that the ACE program has maximum impact on student performance and family strengthening by keeping students, families, and communities informed of program opportunities as well as the location of community learning centers, planned activities and dates, afterschool program calendar, times the centers are open and other pertinent information. The district will utilize our district website to disseminate this information. The program director, center coordinators, family engagement specialist and staff will also develop a plan to disseminate information to students, families and community members.

The district will also utilize the ACE marketing materials that are available from TEA to grantees such as brochures for community members and families (in both English and Spanish), posters, door hangers, newsletter and press release templates and an outreach checklist to help keep grantees on track with their communication.

Statutory Requirement 9: Describe a preliminary plan for how the community learning center will continue after funding under this grant ends, including how the resources provided by this grant will assist the program in local sustainability efforts. **Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.**

Our community is invested heavily in collaborative interaction, resource sharing, and coordination of services for students and families served by the district. Our district plans and works directly with other community agencies and organizations involved in the provisions of literacy and educational services. Representatives of Texas ACE Program populations, business and industry, local government, public libraries, postsecondary education service providers, and other local agencies and organizations are actively involved in planning for and implementing school reform initiatives. This includes those which address the academic achievement of our students.

We will augment existing resources and activities that currently include Title funding, and local and state comp ed funded efforts to strengthen performance and readiness of at-risk students.

By hosting the ACE program, current resources such as utilities, maintenance, district personnel, will be available to enhance and extend the program. Grant funding will not be used to supplant funding for any service or programs currently in place at the proposed sites.

The District's School Board of Trustees are committed to meeting the needs of our diverse student population. Through state and local funding, we will continue to offer afterschool instruction and other needed services for our students. We will sustain the project for at least two years by aggressively seeking sources of external funding through partnerships with business and community as well as grant initiatives in order to evaluate the longitudinal effectiveness of the program.

The following are some of the resources we will use in order to develop a sustainability plan:

Project Plan – detail sustainability plan;

After-school Task Force – develop subcommittee for sustainability

Leveraging Funding Chart – appendix 29 – utilize to develop sustainability plan

Blue Print – Quality Assurance – Task 10 – develop a sustainability plan.

Parents across America want afterschool and summer programs for their children, but cost and lack of available programs are standing in their way. For every child in an afterschool program, two are waiting to get in. And in rural communities, three children are waiting for every child enrolled. Afterschool Alliance. (2014). Amendment # (for amendments only):

Statutory Requirement 10: Demonstrate how the proposed program will coordinate federal, state, and local programs and make the most effective use of public resources. In doing so, address how the program plans to supplement existing programs and services on the campus(es) to be served. **Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.**

Funding for this program will be used to supplement and not supplant funds from non-federal sources. Our purpose is to increase the levels of service already offered to meet the needs of our students and parents. Any program activities required by state law, State Board of Education rules or local board policies will not be paid with these funds; nor will state or local funds be decreased or diverted for any other uses because of the availability of these funds. The district will maintain documentation which will demonstrate the supplementary nature of these funds.

Funding for this program will also be enhanced with funding from in-kind contributions, community contributions, Title funding, and local funding. We will also utilize and coordinate eligible funding from other state and federal funded competitive and non-competitive programs.

The intended use of the additional in-kind funding will be used for costs including salaries for educational aides, electric bills, transportation, snacks, technology and other eligible grant costs.

If funded the district will coordinate federal, state, and local programs and make the most effective use of public resources. The program director, center coordinators, superintendent, and business manager will work together to ensure there are no duplication of services at any of the centers.

Funding for the ACE Program will assist our campuses in addressing the following local needs:

- Increase in academic success of the participating students in core subjects; Reading, mathematics, science, and social studies.
- Increase in number of families (including working families) of participating students that show gains in literacy and educational development as well as involvement in school-related education activities relevant to their children's school(s).
- Improvement in citizenship and character education as demonstrated by student participants and their families as measured by attendance reports for both in school and ACE program days, decrease in office referrals, assignment to alternative education centers and juvenile justice alternative education programs, and non-criminal and criminal incidents and an increase in activities that demonstrate student responsibility and obligation to the school and community through projects such as community service and service learning opportunities.
- Increase in the academic success of all students such as increased numbers of students passing all STAAR/EOC tests, being promoted to the next succeeding grade level, graduating from high school, entering college and/or workforce.

Amendment # (for amendments only):

TEA Program Requirement 2: Describe the proposed management, center operations, and corresponding budget plan. Explain how the plan will help meet the program objectives and student service targets. **Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.**

The district's ACE Program will have a strong management plan to assure that project goals and objectives are met on time and within budget. The plan has been designed to seek input from and represent all community stakeholders. The district's Afterschool Task Force will be made up of representatives from the district and community partners. Input was sought from parents, students, teachers and members of the community in the design of the ACE Program. The Task Force will be charged with oversight, monitoring the operations of the project, evaluating progress in the achievement of program goals, objectives and strategies for recommending continuous improvement and for reporting to the district's board of trustees.

The Project Director with assistance from the Family Engagement Specialist will monitor day-to-day activities to ensure successful implementation. The Project Director, Site Coordinators, and Family Engagement Specialist will identify and enroll students and parents, recruit and hire teachers, identify contractors for enrichment courses, and identify and obtain appropriate curricula, programs, and topics for family literacy and enrichment offerings. Site Coordinators will also be responsible for collecting and reporting required evaluation data.

The Project Director, Site Coordinators, and staff of the community-based organizations will work together to develop student and adult surveys to solicit feed back on an ongoing basis. In addition, the Project Director and Site Coordinators will analyze evaluation data to ensure continuous improvement in the operation of the program. The Project Director and Site Coordinators will attend the required orientations, trainings, and conferences required by the grant. The Project Director and Site Coordinators will also be responsible for the timely and accurate data entry into TX21st database.

The Project Director, Site Coordinators, Superintendent, and the Business Manager will be responsible for the grant budget, including amendments, reporting requirements, etc. Each center will have individual corresponding budgets which have been developed in order to apply for the grant.

The Project Director will manage grant programs including:

- Administer grant requirements and reporting;
- Analyze programs, activities and performance real-time;
- Conduct continuous program improvement;
- Run reports that show participation in real-time;
- Organize staff and develop partner participation and schedules, and;
- Ongoing training and support for all ACE staff.

TEA Program Requirement 3: Describe the proposed program evaluation plan, including a description of how program evaluation results will be used to improve program operations and quality. **Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.**

TEA has created an *Independent Evaluation Guide* which was created to help Project Directors and Independent Evaluators accomplish this grant requirement efficiently. Our evaluator will use this guide to ensure the required data elements are collected, evaluated and submitted in a timely fashion and in the format requested by the state. The concepts in the *Independent Evaluation Guide* represent the requirements of the Texas ACE grant program. Resources to create this guide have been collected from other states and national organizations, as well as local evaluators and project directors from across Texas. In each section, there is guidance about various elements of the independent evaluation requirement and templates that can be edited as required. Resources displayed or presented in this guide are not official products of or endorsed by the Texas Education Agency, but are provided as a starting place in developing and managing a high-quality Texas ACE program evaluation.

Data collection methods to be used to gather the required data for a basic evaluation outlined in the Independent Evaluation Guide include:

- Meet with the Project Director to design local evaluation and determine what additional data, if any, are going to be collected in addition to data collected through TX21st and state-level evaluation.
- Meet with the Project Director for program planning three to four times a year (aligned with dates in improvement plans).
- Meet with program staff routinely for planning and for using improvement plans.
- Help staff create improvement plans based on findings from internal monitoring program.
- Assist centers in administering student, parent, and teacher surveys (primary effort for administering surveys rests with grantee).

Our Project Director and Site Coordinators will employ the following resources, tools, data sources, and strategies as part of the Ongoing Monitoring and Continuous Improvement process:

- Review TX21st Reports and exports for data summaries and details about programming, Regular Participant attendance (students who attend 30 or more program days), and suspect/missing data. These reports and exports are instrumental in creating Progress Reports to communicate program success and to identify areas in need of improvement with stakeholders and staff.
- Conduct Center and Activity observations regularly to monitor student and family engagement, discover best practices in grantee and center management, and identify both effective instructional strategies and areas of growth for staff and the ACE program.
- Review staff attendance documented through time and effort logs.
- Conduct data review meetings with staff to reflect on program goals and objectives and take appropriate program adjustments and plans of action.
- Responsible for reviewing data on a regular basis (at least monthly) to ensure data accuracy and integrity. Data certification/submission is required at the end of each term. A variety of TX21st reports and export options support the data review and certification process.
- Analyze Year-End Data to report to TEA in the Final Yearly Report and share yearly progress with stakeholders, staff, and administrators and inform program adjustments. When necessary, if changes are needed in order to attain program goals and objectives, all stakeholders will be notified and all changes will be documented and forwarded to TEA for approval.
